# Transfer of Students between Providers Policy & Procedure

- CAC will not knowingly enrol a student transferring to CAC, who has not completed at least 6 months of their initial principal course without meeting specified criteria outlined in the ESOS Standards. Except:
  - a. the original registered provider has ceased to be registered or the course in which the student is enrolled has ceased to be registered
  - b. the original registered provider has provided a written letter of release
  - c. the original registered provider has had a sanction imposed on its registration by the Australian Government or state or territory government that prevents the student from continuing his or her principal course; or
  - d. any government sponsor of the student considers the change to be in the student's best interest and has provided written support for that change.
- CAC grants a letter of release only where the student has provided a letter from another registered provider confirming that a valid enrolment offer has been made.
- Students who have studied longer than six months can apply as normal and no letters of release needs to be sighted.
- CAC ensures this policy and procedures are reflected or summarised in its marketing and advertising of its training programs to prospective students prior to enrolment, as well as to education agents, and to provide accurate and ethical information.

## Procedures

This policy details the procedures for assessing applications to transfer within this period. The procedures outlined below will ensure that it does not enrol any transferring international student prior to the 6 months of their principal course being completed unless that student has a valid letter of release agreeing to such a transfer and the procedures outlined below will be implemented, it has been separated into 'Incoming students' and 'Outgoing students.'

### 1. Incoming students

Any requests that are received in relation to a student wishing to transfer education providers shall be the responsibility of the Administration Manager. The Administration Manager shall assess the applications to transfer education providers and conclude an outcome based on the following procedure:

For this procedure to be completed the applicant must provide a copy of their Student Visa and appropriate student number (to look up PRISMS). Once this information is obtained the following steps are taken:

- i. Administration Manager accesses the student information via PRISMS. They are to ascertain if the length of studies completed in their current Principal course of study is greater than 6 months. They also use the copy of the student visa in the passport to ascertain what the principal course is and when they arrived in Australia.
- ii. In completing this process they would print a copy of the PRISMS record and attach to the student application.
- iii. If they have completed more than 6 months of their principal course of study, the application process proceeds as for all off-shore students.
- iv. Where a student has **NOT** completed 6 months of their principal course of study, they are asked to provide an appropriate letter of release in support of their application.
- v. To support the application they can be provided with a 'Conditional Letter of Offer' (Appendix A) which clearly states that an offer of a place is contingent on their obtaining a letter of release. It also states that if they are under 18 and not in the custody of their parents, legal guardian, or 'suitable relative', which CAC will require evidence of their guardianship agreement and will have to approve these arrangements.

Please Note: if they are in receipt of a Government scholarship, they should provide written support from the government agreeing to the change which will stand in lieu of any letter of release.

# Transfer of Students between Providers Policy & Procedure

- vi. If such a letter of release is received and the student has no outstanding fees to be paid to the prior institution or other outstanding matters of concern, the application proceeds as for all off-shore applicants.
- vii. If no satisfactory letter of release is obtained from such students, the application process is halted and the student informed that they are unable to transfer at this time. They are welcome to re-activate their application when the 6 month period has passed.
- viii. Note that in the very rare circumstances where the original institution or course has ceased to be registered, or sanctions have been placed on the original institution by the Australian government which do not allow the student to continue with the course, no letter of release is required. Evidence of this occurrence would need to be placed in the student file.

## 2. Outgoing students

The following procedure is relevant to those students wishing to transfer to another education provider prior to completing six (6) months of their principal course of study.

- i. Students make a written request (e-mail is satisfactory) to Administration Manager to transfer to another provider. The only reasons a 'Release Letter' shall be issued is if:
  - CAC has cancelled/ceased to offer the students program (letter from CAC supplied)
  - Government sponsor considers the change to be in the students best interest, if they are a sponsored student (written confirmation from sponsor required)
  - Exceptional circumstances (documentation required to support circumstances and a letter of offer from another provider is required.)
- ii. The student is asked to provide a valid 'Offer of Enrolment' from the new provider authenticating the transfer and the student is able to provide a letter indicating the benefits of transferring from their current course of study.
- iii. In assessing the application to transfer, the Administration Manager will check the following points:
  - Ensure any outstanding fees are paid
  - Ensure the student is fully aware of all issues relating the transferring of providers.
  - Check student records to ensure the student is not trying to avoid being reported to the appropriate government agency(s) due to lack of course progress or poor attendance records.
- iv. Once the above points have been addressed by the Administration Manager, a 'Letter of Release' (Appendix B) will be granted at no charge to the student. The student will also be advised of the need to contact DIAC and obtain a new visa if the course they transfer to is not a Higher Education / VET course. Any issues will be reported to the CEO.
- v. The Administration Manager must report the student's termination of studies to the appropriate government agency(s) via PRISMS
- vi. Where the transfer is not in the best interest of the student, the request to transfer to another CAC will be refused. Reasons for refusal may include but are not limited to:
  - New course outcome is not suitable to student situation
  - New course location is not suitable
  - Provider is not a CRICOS registered provider
  - The welfare of the student may be compromised

This decision of the appropriateness of the transfer will be made by the Training Manager and shall be given to the student in writing. (Appendix C)

- viii. The above process should not take more than 48 hours once the student has provided the necessary documentation.
- ix. All requests, considerations, decisions and copies of letters of release should be placed on student's file.
- x. The approval of transfer of a student to another institution does not indicate the agreement to provide any refund. Refunds are governed by the refund policy independent of this policy.
